

Over the next few months, we will all be learning in a range of ways, range of different environments and at a range of different times and speeds. But, we can all stay in regular contact and still thoroughly enjoy our learning together.

I will update this page every evening ready for you to read the next morning.

Look out for regular updates and links to alternative fun games and activities to do both indoors and out.

You will all be learning in a different way so don't panic! Just remember to:

- **Always try your best. Keep that positive attitude for learning while you are away from the classroom.**
- **Be creative where you can, particularly if you are unable to access the daily work set. Invent your own.**
- **Try to be independent in your learning as much as you can.**
- **Be the teacher and teach your family members and carers all those wonderful things we have been exploring since September. You are the expert!**
- **Always present your work so that you are proud of your achievements (use a pencil for writing and maths).**
- **Take regular breaks, gets loads of fresh air when possible and drink lots of water!**
- **Talk to the adults around you if you are feeling worried or anxious about anything!**
- **Remember that I will be on Zoom from 1:30pm everyday if you have any question, suggestions or just need a chat!**
- **Have fun!**

Thursday 16th APRIL 2020

Good morning Sunshine Class! Welcome back and welcome to Term 5!
Did you all have a lovely break? The weather was amazing wasn't it?

Let's start the day with a workout with Guinness world record breaker Joe Wickes. If you don't have access to a computer, then maybe you could invent your own workout wherever you are standing right now or just get out in the garden!

Silent reading

Morning sunshine class

We will be having our silent reading time before our next lesson.

You can either get your favourite book to read or you can ask a grown up to help you get a book from the link below.

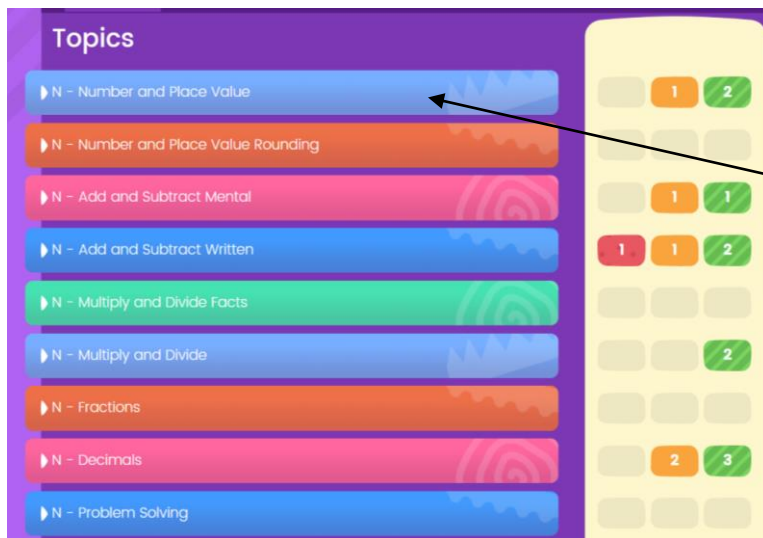

They will have to create an account which is free and there are lots of cool books to read.

<https://home.oxfordowl.co.uk/books/free-ebooks/>

Mathletics

Mathletics time guys, this week and next week we will be focusing on numbers and place values.

Once you have logged in, go to the tab “Numbers and Place value”, you can start with “Are You Ready?” then you can work through the rest of the activities. Remember to try and get as many gold bars as you can.

History

This term we are going to be learning about the second World War.

What do you know about World War 2?

We will be starting this topic with a brainstorm.

I want you to list everything that you know about World War 2.

Once you completed the brainstorm you can draw pictures and write out any interesting facts that you know about World War 2.

Below, I’ve put some links below to help you start.

Fun Activity

We are all part of a unique moment in history! Nothing has closed schools like this (not even snow) since the Second World War. I want you to make your own time capsule.

So, what is a time capsule? A time capsule is a container filled with historical artefacts intended to be opened up in the future so share what life was like at that particular time.

First, you will need a tube or a box to use as the capsule. You might like to decorate your capsule with pictures, drawings, photographs etc.

Next, fill out a ‘**passport**’ all about you! You can use the one I have attached or create your own. Look at mine. I haven’t filled in every section but it should give you an idea of the style and skills I want you to include in your own.

Finally, it’s time to fill your time capsule with pictures, photographs, newspaper cuttings and objects (optional) of what life is like for you on April 16th 2020.

If you would like to send any pictures for us to add to the gallery on our school website, please ask your parents to help you to send me some.

MY TIME CAPSULE PASSPORT

Name:

Age:

Today's Date:

A large, empty rounded rectangle with a black border, intended for a child to draw a picture or paste a photo.
